

Review - should not of cultural assumptions.

- people ultimately not bound with each other must be radically diff. views of nature of their social world
- 2 views of reality.

5 anti-fund - incontestable principles of nature & of law.

- 5 anti-fund - form, procedure, cosmic destiny, political beliefs & practices.

Separate world - must at separate.

- conception diff. - little weighting of criteria

Warren - nature. Threshold

Then - culture - political beliefs &...

More view Warren - as weak, unstable, - but know nothing.

Warren - ...

Conflict - Warren as M. & S.

Warren.

Differential according to reason - necessity of moral life. (Linn's theory.)

Parent to ... - my & mine.

World - unstable & chaotic, people unstable & open to manipulation.

Warren - sex, magic, & management of social relations at this disjunct.  
- to begin to their safety, necessity of political

Man's nature. - soul - soul. - exists after death  
 resp. - life itself. (all being made  
 of god. - reason, rationality. - completely  
 persons.

Nature - 2 sides. - animals & women, no  
 equal to control it.  
 - proportion. - children - little equal.  
 women. - can't deal.

"Proportion". are women,

Women from nature sexual desires unbridled by  
 equally well developed reasoning - so can carry  
 have - established social order.

Men are vulnerable to this because they from resp  
 desires as well.

Socially foolish & morally corrupt to put M/F together

It is this last weeks lecture that Men view  
 women.

What about women. - completely diff.

Women focus on specifically social as opposed  
 to natural relations betw the sexes. & this  
 conceptual orientation is very diff. from that

of men.

M-F  
social / political / M. view - regarding of status, relat. with position - men  
is not that of agents. - men & women

M-F  
are naturally diff. in nature.  
(individual)  
Women - left to look over affairs.

Women's decision & energy brought to bear on  
our social world (i.e. of reputation).  
F.F. / old / (social) - order than our social world. - primarily this  
our social relat. manipulated to our advantage.

Women often think men are exclusively worthless  
& childish - ignore, outflank & outwit  
men.

Matter of degree of diff. cultural rituals.  
Women's primary concern - relats. with family  
{ M. & M.-relat. very powerful. - success. }  
- a message. - concern competition & ritual  
order of the social world.

Male schem. - status prospects of human nature  
" which of actual relats.  
Female -

When they clash. - trouble.  
Language differences. - negotiate & maneuver  
to control scope & impact of  
other people's views of world.  
Abstract.
