

The Mohamed Ali Foundation Fellowship programme

Outline plan of edited volume

or

Research plan to guide recruitment of fellows

Fellows will research in the [Abbas Hilmi II Papers](#) and deliver a lecture at Durham University on an agreed topic. Each lecture will ultimately form a chapter in a volume, (including illustrations from the collection), to be edited by Dr Pascale Ghazaleh.

In order to guide applicants an outline plan for the volume is provided below. This is not intended to be prescriptive and the Advisory Panel will consider alternative suggestions so long as they are well-grounded in the Abbas Hilmi II Papers and this is clearly evidenced in the application proposal.

Introduction: Making the Archive, an Oral History (interview with Prince Abbas) (*Pascale Ghazaleh*)

Chapter 1: Regional Matters: crises, wars, and uprisings through the Archive (*Taqadum Al-Khatib*)

Chapter 2: Regional Relations: The Hijaz and the Fertile Crescent (*Sami Moubayed*)

Chapter 3: Regional Relations - Ottoman Empire: No Man's Land? Bureaucrats, Bedouins, and an elusive Egyptian-Ottoman frontier (*Lucia Carminati*)

Chapter 4: Ruling Egypt: The Mohamed Ali Dynasty in the time of the British occupation (*Karim Malak*)

Chapter 5: Managing Property: The Khedival Mariut Railway (*Xiaoyue Li*)

Chapter 6: Ruling Class Women

Chapter 7: A New Urban Geography
